

Brian Mole - The 2018 Wedding Industry Awards Wedding DJ of the Year, South East Regional Winner and National Finalist

**Voter Comments:**

"Brian is a great dj and knows what he is doing in terms of weddings. He has great advice and experience to offer a couple. Has loads of fun ideas to suggest but isn't pushy and lets the couple decide. He can arrange pretty much anything and has a 'can-do' attitude, he said 'yes' to every idea and we weren't disappointed in what he was able to make happen! We had a mixture of ages and cultures to entertain on the wedding day and Brian was able to make sure everyone had fun, great music selection."  
Davinder and Aisha Ghuman, Brookfield Barn

"Brian was incredible, he delivered a fantastic service to us, he was calm and committed and wanted to ensure he made our day perfect and he didn't disappoint. He made suggestions of things he could do - at no point was he pushy and we were able to make informed choices - those little extras are what we and our guests remember that made the night special. On the day he was very professional and made accurate decisions to keep the dance floor busy and guests happy. we couldn't have been happier."  
Amy and Brett Daniels, Hampton Court Palace

"Brian has by far been the most helpful, knowledgeable 'supplier' through our wedding planning process. He has provided advice in other areas of the industry which has been amazing. In terms of being a DJ/ Entertainer, he has so much resource which he was able to share with us both prior to and on our special day. Not only is he a professional, Brian is a very down to earth, friendly and approachable guy which makes it even more of a bonus and pleasure to work with. We are extremely grateful."  
Vikki and Ainsley To, Hampton Court Palace

"Brian was absolutely fabulous from day 1. He really listened to our wants and helped guide us as to what works and what doesn't work. He made my husband feel so at ease and gave him tips for his speech. On the day he was wonderful and adapted his music to the crowd perfectly. The dancefloor was full all night and that was down to Brian and his wonderful knowledge and skills."  
Helen and Leon Marais, Hampton Court Palace

"He was an absolute dream, he co-ordinated our guests, played the most brilliant music, he made everyone dance all night! We wish we could do it again! His props, lighting, dance floor and even the VW DJ stand looked fabulous! He was kind, funny and thoughtful made everything run so smoothly! He even brought us a bottle of sparkles for our meeting to organise the day! I really can't thank him enough! He excelled and I have heard so much positive! Here is to the Mole, may you spread your magic."  
Sophie and Andy Brunton, Hampton Court Palace

"Brian was definitely the glue that held our entire event together, from providing the music and sound during the day, to rounding off the best day of our lives with an amazing party. He was professional from start to finish and is just brilliant at what he does. He has many little tricks up his sleeve to help make the day one to remember and everyone at the wedding said it was one of the best they'd been to. The service he provided from first meeting him was truly exceptional."

## Brian Mole - The 2018 Wedding Industry Awards Wedding DJ of the Year, South East Regional Winner and National Finalist

"Brian Was incredible. He was more like a wedding planner than a DJ. We were completely at ease with all aspects of musical production during the ceremony, meal, first dance and evening. He reassured us from the first time we met him through to the day and helped us with any queries. He made the effort to travel to us an hour away TWICE before our big day to make sure he had everything just right. He also gave us a little bottle of bubbly in our first meeting. He just goes above and beyond."

"Brian was recommended to us and he really helped us plan our day . He listened to how we wanted the day to go and timed everything to perfection.Brian was a great support on the day itself,Extremely professional and attentive as our master of ceremonies . In the evening he kept the music going so the dance floor was never empty! Thank you Brian!"

Laura and Adam Leare, Nutfield Priory

"Brian was brilliant and slipped our chosen songs into the set perfectly. Allowed for 'enthusiastic' guests to make requests and take the mic which was perfect as all felt involved and relaxed and Brian was like another mate at the end of the barn having a good time with everyone else."

Leyla and Matt Vadar, Lilibrooke Manor

"Brian was an excellent MC and DJ for our wedding, he was professional and knowledgeable at all points and made the day flow seamlessly."

"Without a doubt Brian had everyone laughing he hyped them all up, and people are still talking about him now 3 days after our wedding, we have handed his details out to friends who are getting married. He was always so happy and willing, Well done Brian TOP BLOKE !"

Katie and Michael Cosham, Brookfield Barn

"Brian really did go above and beyond what I imagined a wedding DJ to do! From the moment I originally contacted him right through until our wedding day he was so helpful, making suggestions and effectively helping our day run smoothly. We used him all day from the music for the ceremony and as our master of ceremonies then onto our evening reception. His music knowledge is amazing and helped us with choices when we were stuck. Extremely professional and would highly recommend his services."

Dawn and Russell Evans, Stansted Park

"We uploaded our favourite songs - Brian chose the right songs at exactly the right time, everyone young(er) and old(er) were going mad for it! We got so many great comments about the set, my favourite was 'I could have felt worse today but luckily I didn't drink those extra few because I couldn't leave the dance floor, it was so good' and 'I was chatting to my parents but kept on running off because a good some came on, then ran back to chat some more, then off again for another great song!'"

### **Why did you book?**

"He is one of the recommended DJs from our venue and we liked him the first time we met him."  
Davinder and Aisha Ghuman, Brookfield Barn

"From the first moment we met him we knew he was the one - the way he approached us, the range of services he can offer, the flexible approach, nothing is a problem. He even was able to play my dad's prerecorded speech as he couldn't do it on the day, making sure it was good enough quality. As soon as you meet him you realise why he is so good. He has the time for you and makes you feel important!"  
Amy and Brett Daniels, Hampton Court Palace

"Originally recommended by Hampton Court suppliers list. However, I would now recommend to any friends/ family for any venue."  
Vikki and Ainsley To, Hampton Court Palace

"Brian has a lovely way about him - some DJ's can input their own feelings and thoughts too much and want the day to be about them. Brian makes it very clear that the day is all about you two. We instantly felt at ease with Brian. He is someone who just quietly gets on with his job and is so much better than even he probably knows."  
Helen and Leon Marais, Hampton Court Palace

"Personality, friendliness, equipment, price!"  
Sophie and Andy Brunton, Hampton Court Palace

"He was so professional and friendly from the first time I struck up conversation with him at a wedding fair and not only knew his trade inside out, but has a passion for making your day the best day ever."  
Jennifer and James Sandilands, Riverside Marquee Bray

"Reasonably priced, lots of service to offer (ceremony production, lights, evening DJ) and incredibly reliable. The key things you need in all wedding suppliers."

"Very different to any other dj/master of ceremony we have ever come across, value for money his ideas are incredible but totally work so well in the day and took my ideas and run a mile with them I can't recommend him enough"

Katie and Michael Cosham, Brookfield Barn

"I really liked a Brian from the minute he came to our house to discuss what we were looking for for our wedding day. That in itself I thought was amazing and a nice touch as most of the other suppliers we'd had to visit them. I knew straight away we would book him as I wanted the worry of either doing it ourselves or having lots of different suppliers do the music, Brian could do it all! Loved how friendly and down to earth he was and really understood what we were wanting from the music for the day. All things 'wedding' are expensive but I really do feel we had complete value for money with how much effort and work Brian put in before the day and on the day itself. You get what you pay for! I booked based on Brian's personality and vast experience along with all the extra little services he supplied like the advice cards, post box, all just made our day even more memorable. Thanks Brian."

Dawn and Russell Evans, Stansted Park

"Excellent testimonials on his website. I liked the point about him actually mixing the songs, rather than just playing them. Reasonable prices."
