## Wedding DJ

### Ceremony Music checklist

If you have booked me to provide the ceremony music for your wedding, I need the following information which we will go through during our planning meeting.

### What I need from you:

- Some choices of pre-ceremony background music (optional) for when your guests arrive for the ceremony, about 10 - 15 minutes worth should do depending on the venue. Please bear in mind not all of these may get played.

For the Ceremony:

1. The wedding party entrance music to walk down the aisle
2. Music for the signing of the schedule / register - allow 10 minutes or about 3 or 4 song choices for this
3. The newlyweds exit music for the end of the ceremony

About 30 days before your wedding, we will meet either via Zoom or face to face to go through these choices, so please send them to me by then. You can either use the online planner for this, create a Spotify list to share with me, or send me an email to brian.mole@gmail.com with your choices once you have made them. **Please don't use use Youtube to choose your music**, as some music on youtube is often not available commercially, and it would be illegal for me to "download" them. If it's a special track which you already have, you can arrange to send it to me so I can play it for you.

ITEM	DONE
Pre ceremony background music (optional)	<input type="checkbox"/>
Wedding party entrance music - walk down the aisle	<input type="checkbox"/>
Music for the signing of the schedule / register - allow 10 minutes or about 3 or 4 song choices for this	<input type="checkbox"/>
