## Wedding DJ

### Evening Party Checklist

If you have booked me to DJ your evening party, I would love to have the following information, no later than 30 days before your wedding. You can use the online request system to do this, or create Spotify request lists to share with me, or just send me an email with your request lists.

### What I need from you, about 30 days before your wedding:

- Your final timings for what is happening on your wedding day and evening
- a 'must play' list of your favourite songs to dance to - no more than 30 songs
- a 'play if possible' list of requests - no more than 40 songs
- guest requests of songs they love to party to
- a list of special requests - first dance, father - daughter dance, end of the night requests, anniversary songs etc...
- ...and a "DON'T YOU DARE" list of songs which must not be played!!

For the Newlyweds DJ battle if you are doing this, I need you to each choose 4 tracks in order of importance (biggest tune last) which you think will trump each other's choices. Don't tell each other what you have chosen. Please each send me an email to brian.mole@gmail.com with your choices. Please don't tell your guests about this, it needs to be a surprise for them. Do tell the photographer and videographer.

#### **IMPORTANT NOTES:**

- Please avoid Youtube to choose your music, many Youtube songs are not commercially available to play! Spotify or Apple music are ok.
- Please broadly stick to the suggested number of requests, **do NOT send me a list of hundreds of tracks!**

ITEM	DONE
Final timings of your evening, including daytime events please	<input type="checkbox"/>
Your first dance choice, and any other special requests	<input type="checkbox"/>
A "must play" list of requests	<input type="checkbox"/>
A "Play -if-possible" list of requests	<input type="checkbox"/>
